## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1, 3-6, 8-11 and 13-24 are rejected under 35 U.S.C. 102(b) as being anticipated by Steele (5,826,900).

Steele discloses an adjustable foot support for a motorized vehicle comprising  
a mounting member 14 connected to one end of the foot support wherein the mounting member has a first side and a second side;  
a bore 30;  
a bore insert 36;  
a bore insert stop;  
a foot support 10; and  
a mounting bracket 34.

With respect to claims 16-21, Steele teaches a method for adjusting the position of a foot support on a motorized vehicle with the disclosed structure as shown in the figures.

### ***Claim Objections***

3. Claims 2, 7, 12 and 25-26 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

***Response to Arguments***

4. Applicant's arguments filed January 6, 2006 have been fully considered but they are not persuasive. With respect to the Applicant's argument that the reference, U.S. Patent 5,826,900 to Steele, does not teach a bore rather Steele teaches a thread hole, the examiner notes by definition a bore is merely a hole or a message. Further, the reference clearly teaches the claimed structure.

***Conclusion***

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
